

- ▶ Do you work with Microsoft PowerPoint?
- ▶ Do audience members have trouble understanding your message?
- ▶ Are your slides overly complex or crowded-looking?
- ▶ Have you ever said "I know you can't read this, but...?"
- ▶ Do you wish your slides could look better and get better results?
- ▶ **If you answered "Yes!", then eSlide S.E.E. Design Training is for you!**

Our 1-hour S.E.E. Design Training is the only course of it's kind. There are many training programs that try to explain "how to use PowerPoint", but do **nothing** to help you design effective slides. eSlide S.E.E. training explains the design principles and rules developed by our staff of PowerPoint Design Specialists, and used everyday for our high-profile clients. We give you the secrets to making slides that are easier to understand, and more effective to present.

- ▶ **In the S.E.E. Design session we explain the 3 Slide Design Principles:**

S	Structure	Organize your content to improve retention
E	Economy	Avoid clutter that makes your message confusing
E	Emphasis	Keep audience attention focused on key points

- ▶ **And then we reveal "must know" Production Rules that help your slides go from**
